- During the 2022 Summer Season the Nominating Committee will continue to gather candidates for future openings.

Website Committee: Allen Farber – Chair, Erin Beaudet and Merryn Byrnes,

- The website continues to be maintained with new content. The MailChimp email system continues to be used to update the membership. Reminders of Town Board meetings have been sent throughout the winter. The website and emails are the best way to keep the membership informed about important information and issues. Water level updates, for example, have proven to be helpful to members.

Winter Emergency Committee: Mary Jablonski – Chair, Merryn Byrnes, Dorothea Loomis, Lorrie Mott

- This past winter the weather on the Lakes included a lot of snow, rain and above and below normal temperatures. A storm in April brought about 14 inches of snow, and many tree limbs were noted to be down then, and through the winter, The committee was not aware of any severe damages to residences.
- The purpose of the Winter Committee is to notify Lake residents of any found or reported damages to their camps from weather related storm events, vandalism, or robbery. There are currently four year-round residents on Canada Lake on the Winter Committee, and it would be helpful to have more volunteers. I plan to meet with the committee members this fall and develop with them a more specific area for members to check on, following a storm, and to make monthly checks for any noted damages. Please refer any questions or concerns about properties during the off season to me at (518) 835-6033.

Adirondack Committee: Margaret Newell Chair. Mike Cannon, Mike Durkee, Allen Farber, Dave Graves, Tim Mitchell, Alan peck, Doug Smith
