

According to him the Indian word for the rivers which we now know as the East and West Canada Creeks were the Kan-at-a's. Kan-at-a was an Indian word meaning "amber river" for the West Canada was known especially for its amber colored waters. It seems likely that the steamboat proprietors of Fulton's Hotel knew this word, and hence the name Kanaughta for their largest steamboat.

The word probably also gave us the name Canada for the lake, for although there was an Indian village on Dolgeville Point, or Pine Bluff as the ancients called it, the village was small and only a seasonal hunting place.

RUFUS ALEX GRIDER

by Barbara McMartin

Rufus Alex Grider was an artist who lived for several years in Canajoharie and painted many Adirondack scenes during the latter part of the Nineteenth Century. Several notebooks of his original water colors are in the Library of the State Museum. They are treasures, virtually inaccessible to the public. He also chronicled upstate history and lore and annotated his paintings with facts and incidents relating to Adirondack life.

This winter another one of his sketch books came to light. It is a real gem devoted exclusively to Canada Lake. I have had a copy of the book made and placed in the Town Hall for all to see. It is hoped that the book will eventually be a part of a museum of Caroga History. Most of the sketches in it are black and white washes, sketches of the mountains and hotels around the lake. It is interesting that he quoted the Snyder letter in full. That letter was the first written record we have of the lake. He also quoted from the Loch Villa guest book which we were able to use for the town's history. It is too bad that this work was not available at the time the history went to press, but the following is a rather complete explanation of where the fish in Canada Lake went and why the fishing became so poor.

Please drive cautiously and slowly when driving on the roads around Canada Lake this summer.

Do go and look at the other parts of the writing and enjoy his sketches. We are indeed fortunate to have so valuable an historical record.

By the way, the spelling, punctuation, and capitalization in the following are as Mr. Grider wrote it.

ABOUT FISHES AND FISHING

Rufus Alex Grider, 1896

Fishing before the 1866 is still recollected and spoken of by those who visited the Lake ere the lumbering and tanning began.

Mr. Isaac M. Davis, Merchant, from Fonda, N.Y. visited the Lake in 1860, and also in later years, he says that the statements that fish were abundant is true. That he caught speckled Trout at many places — at Sand Point, in West Lake — in Black Hole, in the Outlet, also in the stream above the Lake and below Stone dam, also around the Island.

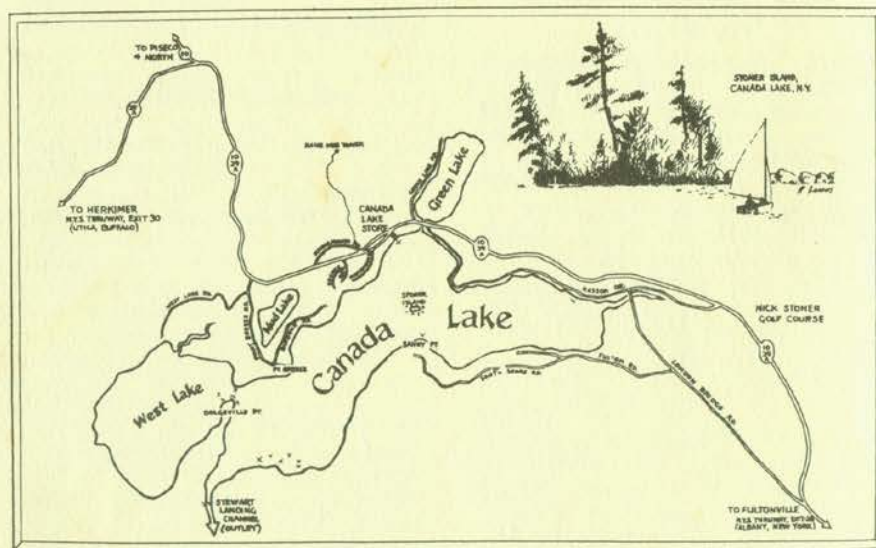

"At Sand Point was a breeding place. He says the water was pure and clear, through 20 feet of water I could see the white sand bottom distinctly."

"My guide AVERY told me that one night when gliding along quietly with lighted torch he saw the white bottom covered with Lake Trout, could spear as many as he desired."

"AVERY also told me that one cool spring morning the sun shone brightly, when rowing quietly along the North shore of the Lake, below Stony Point, he saw hundreds, perhaps thousands of white projections on the glassy surface, it proved to be a large school of Lake Trout with their Dorsal fins above the surface of the water, they were enjoying a Sun-bath, as soon as the waves, or the noise of the approaching boat reached, all disappeared caused commotion in the water as did the ascending air bubbles from every fish which descended."

SUMMER 1977

x's on map indicate approximate location of rock hazards in lake. Caution is advised when boating in the vicinity of any indicated hazard.

SCHEDULE OF EVENTS SUMMER — 1977

JUNE		
25	C.L.P.A. Director's Meeting Bernie Caringe's camp	8:00 P.M.
JULY		
3	Flare lighting	9:45 P.M.
16	C.L.P.A. meeting Wheelerville School	8:00 P.M.
20	Luncheon & Card Party Pinnacle Restaurant	12:00 Noon
AUGUST		
4	Dinner Meeting with Town Board, Pinnacle Rest.	6:30 P.M.
19	Bd. of Directors Meeting Bernie Caringe's camp	8:00 P.M.
21	Boat Parade Rain Date - Aug. 28	2:30 P.M.*
27	Flare Lighting	9:00 P.M.**

*Prizes will be awarded for the best decorated boats

**Please light flares at sound of cannon

1977 OFFICERS

President	Bernie Caringe - 835-3887
1st Vice Pres.	John Kasson - 835-6571
2nd Vice Pres.	Dennis DeLorier - 835-8559
Secretary	Claire Mason - 835-9645
Treasurer & Budget	Director
Directors 1 yr	Gerry Theisen - 835-2516

Pollution	John Brower, Frank Deming, Warren Denny
Publicity	Barbara McMartin
Sailing	Gerry Theisen
Water Safety	Al White, F. Lasurdo, Bob Wilbur
Youth Activities	Dennis DeLorier

THE PRESIDENT'S MESSAGE

Last year, the 200th anniversary of our nation, was probably the most active season at Canada Lake.

The social events were highly attended, and everyone was in a festive mood. It is very difficult to single out one person, so I personally would like to thank each and every chairperson for their tireless and unselfish time devoted to their project.

The programs that are in progress, and the ones in the future that invoke the youth of Canada Lake are very impressive. We need the interest of our young people if our association is to succeed. They are your officers and directors of the future. I urge all members to support the youth programs as much as possible. The water ski show that we enjoyed last year was one to remember. Good work and many thanks to the coaches and young men and women who put in many long hours of practice.

Please read your calendar of events and meetings. There have been some changes and I urge everyone to attend your CLPA meeting. We have some important subjects

to discuss, and only by attending the meeting can we be well informed. One of the most discussed items will be the water level.

I want to thank all of the new directors for accepting their responsibilities, and helping to carry on the work of your association.

John Kasson has prepared a new directory of our association land owners addresses after many hours of hard work. Thanks John.

The coming year promises to be a very active one, and it can only be successful by your active participation. Please pay your dues on time.

I wish you all a warm, healthy coming summer

Sincerely,
Bernie Caringe

ECHOES

Mr. & Mrs. Lloyd G. Decker celebrated their 50th Wedding Anniversary at an open house party January 2nd, given by their son and his wife, Mr. and Mrs. Robert A. Decker, and assisted by Mrs. Arnold Petrie.

A note from C. D. Sasscer:

The Sasscer family always seems to have a lot going on. On Jan. 1 our son, Larry, who is chairman of Science & Math at Northern Virginia Community College, where they call him Dr. Sasscer, was married to the former Monica Flynn. We are very happy with our lovely new daughter-in-law.

My husband and I, who belong to four Square Dancing Clubs, attended the Spring Festival at the Sheraton Park Hotel in Washington, D.C.

We plan to take a trip to England and Europe starting May 23.

Hope to see you all at Canada Lake (Scott Lodge) towards the end of June.

From Mildred Carsky:

My girls continue in the academic line. My oldest daughter, Monica Carsky Kennedy, has been accepted for a residency at Bronx Psychiatric Institute, Albert Einstein Hospital in N. Y. She will have her Ph.D. in clinical Psychology next year. Bill, her husband, is involved deeply with computers at Johnson & Johnson, and is writing a "How to Program a Computer" book.

Christine has been accepted at Albany Law School in the fall.

Paula is a sophomore at St. Michaels College in Winooski, Vt.

Dorothy Jung and I will be off to Bermuda at the end of April.

News from Priscilla Jung family:

Sandy and her husband, Rick Vrem, flew in for the Holidays from Eugene, Oregon, where she teaches Math and Earth Science in Monroe Jr. High School, and he teaches and is completing his doctorate in Math at the Univ. of Oregon.

In March I joined Sandy and Rick in Oregon and we flew to Hawaii for a brief, but most enjoyable vacation on Oahu and Maui.

Dick Jung uses his vacation time pursuing his interest in Enduro (or Cross-Country) Motorcycle racing. He placed fifth in the Alligator Enduro in Daytona Beach, Fla. in March, and has won silver medals in qualifying races in California and Alabama more recently.

Jungville is gradually drying after the spring run-off, in spite of the persistent efforts of the beaver population. Most of our Alder trees have been chomped down and removed. As of May 3rd there are some spotty 2 ft. remains of the huge snow drifts that accumulated during the winter.

Hope to see you at the lake soon

From Barbara and Doug Leaf:

Cindy graduated from Bucknell University in May with a bachelor of science degree in elementary education. Dee-Dee was one of 43 young women who were presented at the Westchester Cotillion June 11 in Rye. June 24 marked her graduation from Scarsdale High School, and in September Dee-Dee will enter the freshman class at St. Lawrence University. This summer will find Dee-Dee working at the Canada Lake Store. Doug moved his surveying instruments business from Queens to Pleasantville, N.Y. — a fifteen-minute drive from Scarsdale and one hour closer to the lake!

A note from Diane Vosburgh Halverson:

My father, Ed Vosburgh, passed away January 25, 1977. He and my mother, Margaret, spent most of their lives at their camp on Dolgeville Point. My father was one of the original founding members of the C.L.P.A. Association, and was an officer for many years. He was active in many other lake activities during the 1950's and 60's.

A note from Anna M. Selke:

I spent almost four weeks in Florida last winter in Cape Coral and Pinellas Park.

Note from Peg Adams:

She expects to be at her cottage on Dolgeville Pointe for the summer, and the family will be there at various times.

Cynthia (Leslie) will come from Glen Ellyn in June and again later. Lynda is working for "Automatic Data Processing" in New York office and living in New York. 'Buffie' is a social worker for a county office in Ohio. Bruce passed the Colorado Bar exams, is presently enjoying a trip to southern Europe and northern Africa before coming home to settle down and work.

Vic and his children will be at the lake in August. Victor is working at the St. Charles Hospital and taking courses to become an anesthetist. Amy was married last summer, and she and her husband, Mike, will be at the lake in August. Marcy is transferring from the U. of Missouri to Lindenwood College in St. Charles next year. They are all living in St. Charles, Missouri. The underlined names are my grandchildren

An interesting news item sent to us by Arnold Petrie:

Courtney D. Young, former local boy and now residing in Suffern, and Canada Lake in summers, is fast becoming a sail boat champion. He is the son of Winifred Gilman Young, formerly of this village and now a teacher in Troy, and a grandson of Bertha Q. Young, also of this village. Courtney teaches at Anuet.

In recent races this past summer he has excelled in very fast company. In June he raced in the Long Island Sound Championship at Darien, Conn. and came in first out of 40 starters. Later that same month he raced his sunfish boat in the Northeastern Championships at Barrington, R.I. and came in third out of 58 starters. In August he again raced his sunfish in the North American Sunfish Championship and again did admirably, coming in 10th out of 108 boats in the race. Boats in this Championship came from such places as Canada, Virgin Islands, Puerto Rico, and the U.S. Later in August he raced in the North America Force Five Championship and finished 4th out of 64 boats. Both the Force Five and Sunfish Championships were held at Association Island, N.Y. on Lake Ontario, near Watertown. He is the retiring president, after two years in office, of the Canada Lake Sailing Club, and has taught youngsters how to sail on the lake for some time. We say congratulations on a job well done, and wish

him the best of luck in future races. As a result of his record, he has been invited to sail in the World Sunfish Championship to be held in Nassau, Bahamas, and will be one of only 20 representing the United States. This event will take place in February 1977.

Ruth Fink is now Mrs. Donald Kerr of Schenectady. Don sails a Lightning at Mayfield, but they are expecting to spend much time at Canada Lake. Nancy Fink will be married June 26 in Colorado, and expects to spend part of her wedding trip at the lake. Rick graduated from college in May and will be working for an accounting firm in New York. He also hopes to be at the lake weekends.

Dr. Arden Zipp, son of Mr. & Mrs. Arden Zipp, has been made head of the Chemistry Dept. at SUNY at Cortland. His wife, Sybil, has received her Ph.D. in Chemistry and is now working in Binghamton.

Another son, Alan, has taken over Zipp Hardware in Dolgeville, which leaves Arden and Dorothy with more leisure time to spend with their 6 grandchildren. Daughter Andrea Shaver is a nurse in Little Falls Hospital.

Late note from Arden Zipp telling us that Mrs. John Gore of South Shore, Canada Lake, passed away this winter.

During the year, if you have any personal news items, or news items pertaining to Canada Lake and vicinity, please forward to Bill Bates, 15 Union Ave., Slingerlands, 12159

A Note from Jack Fielding

Jack Fielding, membership chairman, Canada Lake Protective Association, expresses many thanks for the fine response of 144 members who have remitted their dues for this year up to mid-May.

If you are one of the potential 80 to 90 who have yet to write that check for \$6.50, please do so right now and save the time and expense of a "reminder" mailing. Send it either to Jack Fielding's home address, 27 Midline Rd., Ballston Lake, N.Y. 12019, or to Box 56, Canada Lake, 12030

Please notify Mr. John O. Fielding, 27 Midline Road, Ballston Lake, N.Y. 12019, if your address has been changed recently.

SAILING CLUB

The July 4th races started off the 1976 season with a bang. The winners: Don White in the Sunfish A Division; John Widdemer in Sunfish B; Court Young in the 420 Class; and Mike Caruso in the Open Class.

Inspired sailing by Charlie Michaels, the luck of the draw, and a lot of help from the weather (two teams in contention couldn't get enough races to qualify due to sudden rain and hail squalls) contributed to the North Shore Nomads - G. Theisen, C. Michaels, R. Loomis - 1st place finish in the Sunfish Team Races. Six teams entered and the best 4 races were counted.

The special Bicentennial Race on July 17 was won on corrected time by Ed Parteno with Court Young second. Four "old salts" entered the Olde Tymers Race with Gerry Theisen winning over John Brower, Jr., Jim McDonald and Charlie Michaels.

The July series races were highlighted by Ed Parteno's consistent sailing in the Sunfish A Division, Dave Egan winning all his races in B Division and Court Young taking 5 of 6 in the 420 class. In August, Greg Young won 5 of the 6 races he entered in Sunfish A Division. Dave Egan and John Widdemer went into the final race of the season tied for 1st place in B Division. The only other boat to start in the strong, gusty winds was John Brower. Capsizes were predominant and Dave "toughed it out" for the trophy.

The complete results of the '77 season:

	JULY SERIES	AUGUST SERIES
Sunfish A	E. Parteno B. Fisher G. Theisen	G. Young G. Theisen C. Kirsch
Sunfish B	D. Egan K. Kirsch J. Widdemer	D. Egan J. Widdemer D. DeLorier
420	C. Young R. Loomis	R. Loomis C. Michaels
Open	C. Cannon J. Brower	J. Brower D. Cannon

The Bogart Trophies, awarded annually to the two young sailors who display the most persistence and improvement, went to Kathy Kirsch and John Widdemer.

The '77 season will see the advent of a new class boat - the Force 5 will replace the 420 Division. We hope the Force 5, a reasonably priced, single-handed high performance racing boat, will find greater

acceptance than its predecessor. See Bill Fielding if you're interested in joining the Force 5 fleet.

The July and August series consisting of 8 races each will be continued this season. The best of 5 races will count in each series.

Series races will be held in two locations only this season; in the major area of the lake for a West wind with starting line off the Theisen or Michaels dock and in the East end of the lake for an East wind with the starting line off the Brower dock (see sketch on enclosed card.)

Special races this season will kick-off with the July 4th Trophy Race. The Olde Tymers Race and the Sunfish Team Races will be back again and a Marathon Race will be introduced which will cover the entire lake. We also want to conduct a series of Novice Races as a part of the Sunday Clinics for youngsters interested in sailing competitively.

The Pot Luck Dinner Party will be held at Nancy and Court Young's camp in conjunction with the July trophy presentations. The August Awards and Cocktail Party will be hosted by Marty and Paul Franz.

We would like to recognize and acknowledge some of the individuals whose contributions to the CLSC made for a successful season; the Safety Boat operators, the Starting Committee for the races, Bill Fielding for donating the July 4th trophies and last but certainly not least—Court Young for his dedication and service as CLSC President for the past 2 years.

The Annual Meeting will be at the Theisen camp on July 2 at 10A.M. See you then.

Your CLSC Directors,

*Dick Loomis, Charlie Michaels,
Jean Curran, John Brower, Jr.,
Bill Fielding, Don White,
Gerry Theisen and Court Young*

TOWN OF CAROGA CHURCHES

Caroga Chapel

Starting July 3 thru Labor Day -
Sing-along at 10:45 A.M.
Services..... 11:00 A.M.

- Aug. 14 - Team Racing (Young camp) Rain
Date, Aug. 21
- Aug. 20 - Series Races 5 & 6
- Aug. 21 - Clinic
- Aug. 27 - Series Races 7 & 8
August Awards & Cocktail Party
(Franz camp)

Series Races that are cancelled will be held the following day (Sunday) weather permitting.

News from the Caroga-Canada-Pine Lake Business Association

Many new and exciting events are coming to the Canada Lake area this summer as a result of the recent formation of the Caroga-Canada-Pine Lake Business Association. The area businessmen have formed an association devoted to increasing tourism and recreation in this area and are working closely with the Fulton County Chamber of Commerce.

To date the following events have been planned:

1. 24 hour Row Boat Marathon Race to be held on Caroga Lake May 28 and 29.
2. Bath Tub races and Water Ski Show to be held at Pine Lake around the first weekend in August.
3. Old Home Week scheduled for last week in August. Some of the activities tentatively being planned are as follows:
 - * Rodeo
 - * Old Car Exposition
 - * Lumberjacks Contest

NEWS FROM THE CANADA LAKE STORE

After a long, cold winter at Canada Lake, as well as around the country, our family is only one of many who are eagerly awaiting the arrival of a long, hot summer.

For the summer of '77 the store will be offering a wider selection of groceries and gifts. We are pleased that Keebler Company and Dannon Yogurt will be supplying us. We have locally produced honey and plans are being made for an old fashioned peanut barrell to go along with the pickle barrell.

In the gift department for example, we have sweatshirts with a new Canada Lake design, and Anne LaBastille's book "Woodswoman".

The post office will reopen June 18th and the last day will be September 9th. Your continued support will be greatly appreciated by all who want to see the post office operating on a regular basis each summer at Canada Lake. The garbage collection service sponsored by the store for those campers not located on town roads will also be continued.

We are really looking forward to seeing you all again soon and hoping that each of you will enjoy your summer at Canada Lake.

Bill and Dorothy Fielding

The accompanying picture is a reprint from the Killington, Vermont "Mountain Times" of December 16, 1976

Bernie Caringe and son Mike, instructors on Killington's Ski School staff, father and son are both retired from the automobile dealership which Bernie operated in Gloversville for many years "At Killington, I think I've found my home," says Mike. Bernie and his wife, Helen, divide the year between Killington and a summer home at Canada Lake.

YOUTH ACTIVITIES

Last season, although a wet one, proved very active for many of our young people. A few smaller Lakers participated in short sightseeing trips, woods crafts, and some camping. The major effort was, of course, witnessed by the many who attended the water ski show. Your support was greatly appreciated.

We would like adult involvement in youth activities this year. If you have had, or are planning, an exciting activity with your own family, we would appreciate your sharing the information with us so we might offer this experience as a group activity. Perhaps you will allow us to tag along with you. We would like to have an early-season picnic for the kids under ten years old. This would help these less-mobile little people get to know each other and to make summer friends. Please let us know if you're interested in organizing such a bash. We need a chairperson and an adaptable site.

Interest is high for another water show and a repeat of the Mason's water games at "The Open Door". These are in our plans.

The Wheelerville School Administration and Board has granted us use of their gymnasium facilities. Wednesday nights, from 7-9:30 p.m., the gym will be open for our high school and college students to gather and to play basketball, etc. This program will run from June 29 through August 3; maybe the kids will be in shape to take on the old timers for a game by the following week.

Due to lack of interest, the camp-outs have not been planned. If families wish to plan such overnights, please contact us.

We thank you for your suggestions and support of the above activities.

Ann and Dennis DeLorier
835-6853

WINTER FISHING

Mr. Davis states, is not yet practiced as formerly. "A hole is cut through the ice, the hook baited and sunk, the line fastened to a branch or bush, the branch is secured in the snow or ice, if the branch moves it means a "strike" or bite, if the weather is cold the fisher can move about and keep comfortable by exercise, this method very likely was learned from the Indians.

Lake Trout weighing over 22 pounds and Speckled Trout weighing 2 to 7 pounds were caught there before SAW-DUST - TAN-BARK - and liquor from the tanning vats were emptied into this charming fish producing Reservoir, the bottom of the Lake became coated with a brownish deposit which destroyed the food upon which the young fish live, the floating sharp sawdust entered into the gills of the fish and interfered with their breathing and killed them.

The Sawdust and Bark should have been burnt and the Lake left unpolluted as they found it.

The guide Avery before 1860, it is said, introduced that freshwater SHARK the PICKEREL, later Mr. Tunicliff of the first Hotel planted the OTSEGO lakd BASS, here called PERCH, also a voracious fish eater, the two varieties soon cleared the lake of the "Speckled beauties" not one remains.

Fish of all varieties are now scarce because they cannot multiply as formerly.

The Creek from Wheelerville to the Lake was formerly navigable to the lake by large Keel boat, the Channel near the head of the lake was 15 to 40 feet deep, now, where the water formerly existed acres of Sawdust and Tan-bark cover the surface, and a Peninsula of those materials extends into the lake, yes a Stage road is now located upon it, an aged resident stated that the Sawdust at places was 15 feet deep.

The greater portion could yet be destroyed by fire if those most interested should determine to do so, it does not decay when dry on shore, nor when submerged.

AN HISTORICAL FOOTNOTE

Barbara McMartin

While I was researching the History of the Town of Caroga, I tried to discover the origins of many of the Indian sounding names that were used in the town. While we had some luck with a few names, others are still a mystery.

Canada is an Indian word which means a "mass of huts." However, it is just possible that the word from which the name of our lake derived had a different origin. This winter I read a reprint of *Historical Sketches of Northern New York and Adirondack Wilderness* by Nathaniel Sylvester which he wrote in 1877.

DUMP HOURS The Town Dump is located on the Lane Road and will be open as follows:

SUMMER — May 1 - Sept 30 - Monday, Friday and Saturday, 7:00 A.M. - 4:00 P.M.
Wednesdays, 11:00 A.M. - 8:00 P.M.

WINTER — October 1 - April 30 - Monday, Friday and Saturday, 7:00 A.M. - 4:00 P.M.
Wednesdays, 11:00 A.M. - 4:00 P.M.

GARBAGE COLLECTION REGULATIONS: Clinton Arnst, Collector — 835-2322

Collections made Monday on all **Public roads** throughout the town-ship, and in addition on Fridays during the months of July, August and September in the area north from a line at Newkirks extending across the Town. If collection day falls on a legal holiday, collection made the following day. Pick up of garbage will be carried out in front of each private dwelling, with the containers to be placed within six feet of the road. Garbage to be collected is defined as all table and kitchen refuse and the cans and containers they came in. **All such garbage must be wrapped and placed in either a plastic bag or a garbage can and the garbage can shall be a covered metal or plastic container with handle locks not to exceed a 12 gallon capacity.**

NO RUBBISH INCLUDED

SPECIAL NOTICE

MID-SUMMER HOURS

SPECIAL NOTICE

TOWN OF CAROGA RESIDENTS AND COMMERCIAL OPERATORS WITHIN THE TOWN. THE TOWN OF CAROGA DUMP WILL BE OPEN THE FOLLOWING HOURS FROM JULY 1, 1977 THRU SEPTEMBER 12, 1977:

Sundays 8:00 A.M. - 4:00 P.M., Mondays 7:00 A.M. - 4:00 P.M., Tuesdays 7:00 A.M. - 4:00 P.M.
Wednesdays 7:00 A.M. - 8:00 P.M., Thursdays 10:00 A.M. - 1:00 P.M., Fridays 7:00 A.M. - 4:00 P.M.
Saturdays 7:00 A.M. - 4:00 P.M.

TRAILER ORDINANCE adopted 1972 is in effect — **CONTACT TOWN CLERK FOR APPLICATION AND INFORMATION. Removal of any existing trailers or change of ownership must be recorded with the Town Clerk immediately.**

SANITARY REGULATIONS: Inspector: Kenneth Benton Jr., 111 Warren St., Johnstown, N.Y. 12095. Telephone 762-3996
SUMMER HOURS: May 1 - Sept. 30 — Town Hall on Saturdays 10 A.M. - 12 Noon, or by appointment — Telephone 835-3493 or 835-9611.

Local Laws number 1 and 2 of 1968 forbid repair of or new installation of Sewerage disposal systems without first obtaining a sanitary permit to be approved by the Sanitary Inspector.

NEW YORK STATE BUILDING CODE adopted 1972 is in effect. For permits contact inspector Robert Stevens, Caroga Lake, N. Y. 12032, Telephone 835-2463.
