

in a small colony of artists and writers that included Clare Dwiggin, his daughter, Phoebe Dwiggin, Todhunter Ballard, Charles Sarka, Margaret Widdemer, Mabel Cleland, Herbert Asbury, Emily Hahn and James Thurber.

It also included a troupe of early movie makers, Blazed Trail Productions, headed by John Lowell Russell, who produced and acted, his wife, Lu, who wrote the scripts, their son, Jack, a cameraman, their daughter, Evangeline, who acted in-genuine roles, Fred Keating, a magician, James Stanley, a Metropolitan Opera baritone,

and visiting unemployed actors. Their Sunday afternoon parties on the South Shore, which they called "Vespers," featured alcoholic beverages of their own brewing, costumed theatricals and such vigorous disporting that Mr. Thurber, who was to write humorously of it later, walked through a false door and fell into the lake during one of them.

Grace and Paul Bransom were enthusiastic participants at first but she foreswore her theatrical history, became very religious, and eventually she and Paul became teetotallers for the rest of their lives. She died in 1963 at 78.

In his final years, as his sight began to fail, Mr. Bransom continued to work daily at his easel, painting flowers and still lifes that did not require the precise detail and accuracy of animals.

In accordance with written instructions Mr. Bransom left with Mrs. Althea Bond, a cousin by marriage who had cared for him in his later years, there will be no funeral. "I have been to so many funerals I didn't want to go to that I don't want anyone to have to be at mine," he wrote. He directed that he be cremated and his ashes scattered over Canada Lake.

SUMMER - 1980

BOAT SAFETY REMINDER

Be sure you have a boat cushion for each person on board at all times.

Running lights after sunset.

Be on the lookout for floating logs, boards, etc.

Please have a safe summer!

BE AN ACTIVE MEMBER

THE PRESIDENT'S MESSAGE

Some sixteen years ago we purchased
our cottage at Canada Lake. As I look back
over the years, I think of the many problems
our association has faced. The issues were
met head on, problems solved, and there was
general cooperation and participation. Many
of our group spent long hours of hard work
to make our lake the attractive area it is
today. The preservation of our beautiful
vacation land in the future will depend on
continuing efforts of individuals, as well as
the active participation by the membership.
Problems in the past with the Dam, the
water level of the lake and zoning, were
solved in our best interests. We must con-
tinue to strive for this excellence.

For the first time we start a year with
few problems. At the last annual meeting the
association passed a resolution to defer
spraying of our lake shoreline for a two year
period. The vote on this issue was close,
15-20, since only thirty-five families of our
membership attended the annual meeting.
Shortly thereafter, the spraying question was
considered by the Town of Caroga. Action
on this question was deferred since the
Board felt too many of those attending this
meeting wanted the spraying to continue.
The very close vote at our annual meeting
was no doubt a factor in their consideration.
It becomes apparent that attendance at the
annual meeting is most important. I there-
fore urge all of you to attend so that any
action taken by our group will reflect the
true feeling of the group as a whole.

As we go into 1980 it is evident that the
cost of energy is accelerating and the supply
gradually dwindling. This will probably

curtail some of the pleasures we have en-
joyed in the past. Sailing, swimming, the
canoe and rowboat can still be enjoyed. I
would hope that youth activities for the
coming summer would include some com-
petitive swimming, innertube and rowboat
races and other activities not requiring the
use of energy, particularly for the very
young.

We have experienced this winter one of
the mildest seasons I can recall. Most of the
camps have been accessible by car through-
out the winter months. Snowmobiling and
skiing in Fulton County up until now has
been almost impossible. The water level of
the lake is low. We are all hoping for snow in
March and April to improve the water level
in the Spring run off.

I would like to thank all the members of
The Board of Directors for their active
participation throughout the year. I will
look forward to seeing you at our first
meeting on July 3, at 9:00 A.M. at the
Deming camp.

This year accompanying the "Echo" you
will find an enclosure to express your
feelings on the spraying question. Please
indicate your wishes, sign your name, and
mail or give to Dorothy Fielding, c/o Canada
Lake Store, Canada Lake, N.Y. 12032.

I wish you all a most pleasant and
enjoyable summer.

Sincerely,
Frank S. Deming

CANADA LAKE SAILING CLUB

Super News:

The CLSC will initiate (once again) a
new second racing class. During the three
seasons sailing the Force 5, a small initial
interest declined to practically nil. The new
class boat is the Super Sunfish. It uses the

basic Sunfish hull with a high performance sail and more sophisticated controls. A Super Sunfish conversion kit is available through your AMF Alcort dealer. The conversion involves minor revisions to the hull; the installation of a traveller and some cleats for various sail controls. Converting your Sunfish hull to accommodate the Super Sunfish rig in no way prohibits using the regular Sunfish sail. It's like having two boats!

The Super Sunfish is already the largest second class in CLSC history! Paul Franz, Nancy Long, Dorothea Loomis, Dick Loomis, Charlie Michaels, Gerry Theisen, John Widdemer and Court and Nancy Young will be sailing in the Super Sunfish class this season.

If you're interested in the new Super class, contact the CLSC or Bill Fielding for more information.

Sunfish Lending Program

Do you have a Sunfish that pines to be competing with its brightly colored sisters but has no skipper to sail her? We have the solution - The CLSC Sunfish Lending Program. We would like to locate boats to lend people interested in sailing with the CLSC who do not have a Sunfish of their own. If you should agree to make your boat available on race days, the CLSC will take responsibility for the care and maintenance of your boat including the repairs of any damages sustained while racing. Please contact Dick Loomis (835-8472) if you have a Sunfish you would like to lend us.

What Else is New?

The CLSC needs volunteers to serve as Safety Boats during our races. You will be reimbursed for gas by the CLSC. If you are interested please get in touch with Charlie Michaels (835-3880).

The starting locations for this season will be either off the Yuenger/Michaels dock or between the island and Sand Point.

The Marathon Race, covering Canada and West Lake, will be reinstated this season.

The Bob Brown/Brad Dean Trophy, donated by Dr. and Mrs. Hoffman, will be presented at the CLPA meeting.

'79 Series Results

Brian Franz took first place in the July Sunfish A Division followed by Dorothea Loomis and John Widdemer. Kip Osborn

edged Fran Michaels for top honors in the B Division. A quarter of a point was the margin of Peter Delorier's 3rd place standing over Brian Egan and Chip Brennan who tied for 4th. Dick Loomis won the Force 5 Division with John Brower in 2nd.

Only one and three quarters points separated John Widdemer's 1st, Nancy Young's 2nd, and Charlie Michaels' 3rd place trophies in the August Sunfish A Division. B Division was won by Francine Michaels over Peter Delorier. The Force 5 trophies went to Dick Loomis (1st) and John Brower (2nd).

A chevron is awarded each year by AMF Alcort to the Sunfish sailor with the best season record. The CLSC determines the results based on a sailor's best 10 races. The '79 recipient was Fran Michaels. John Widdemer and Dorothea Loomis followed close in her wake.

Special Races

Court Young started the season by defeating Paul Franz and Dick Loomis in the 4th of July Races.

Gerry Theisen was first, followed by Al White and Charlie Michaels in the Olde Tymers Race.

In the first Free-For-All-Fun-Race of the season, Court Young placed 1st, Paul Franz 2nd, and Dave Fisher 3rd. In the second "Free-For-All..." John Brower (Force 5) defeated Court Young and Dick Loomis (Super Sunfish). Dave Fisher was the first Sunfish sailor to finish.

Four teams competed in the Sunfish Team Races. Youth prevailed as the "Young" Team (Amanda, Nancy, and Court) won the trophy. The team of Dorothea Loomis, Fran Michaels, and John Widdemer placed second.

The Start/Finish Line

If you're a CLSC member or a potential member, you're invited to be at Barbara McMartin's dock 10 A.M. Saturday, July 5th, for our General Membership Meeting. Following the meeting, there will be a demonstration and discussion of the Basic Racing Rules.

Please join us for the start of an exciting new season of sailing.

Your CLSC Directors:
Dick Loomis, Peter Delorier,
Brian Franz, Dorothea Loomis,
Charlie Michaels, John Widdemer,
Court Young

CANADA LAKE SAILING CLUB 1980 CALENDAR OF EVENTS

July 5 - General Membership Meeting, 10 A.M., McMartin camp

July 5 - 4th of July Race, Island start
(Rain date - July 6)

July 6 - Free-For-All-Fun-Race, Island start
(Rain date - July 13)

July 12 - July Races 1 & 2

July 19 - July Races 3 & 4

July 20 - Team Races, 1 P.M., East end start
(Rain date - 27 July)

July 26 - July Races 5 & 6

Aug. 2 - July Races 7 & 8

Aug. 2 - Pot Luck Dinner & Awards, 5 P.M.,
Yuenger/Michaels camp

Aug. 3 - Olde Tymers Race, Island start
(Rain date - Aug. 10)

Aug. 9 - August Races 1 & 2

Aug. 16 - August Races 3 & 4

Aug. 17 - Marathon Sunfish Race, Island start
(Rain date - August 24)

Aug. 23 - August Races 5 & 6

Aug. 30 - August Races 7 & 8

Aug. 30 - Awards Party, 5 P.M., Young camp

Aug. 31 - Free-For-All-Fun-Race, Island start
(No rain date)

All races, unless otherwise indicated, start at 2 P.M. PROMPT!

All sailors must check in with the Starting Squad.

All sailors must wear life jackets or ski belts!

1980 SUMMER SEASON at the CAROGA HISTORICAL MUSEUM Barbara McMartin

Canada Lakers will find many exciting new exhibits and programs at the Caroga Historical Museum this summer. The Museum is featuring **Hides, Hemlock, and History**, the story of 19th century Adirondack Hemlock Tanning. The museum has a collection of photographs of tanneries and tanbarking operations from throughout the north woods to add to its collection of Wheeler Clafin tannery photographs. The exhibit will trace the company's role through the 1860s when the tannery was built and when the Clafin Company first began the development of Canada Lake as a resort,

to the 1880s when the supply of hemlock was exhausted and the tannery was closed.

As part of its wilderness operation, the Wheeler Clafin Company operated a store in what is now the Town Hall. An inventory of that store from 1884 has inspired another of the museum's new exhibits, **Corsets to Crowbars**, the Wilderness Company Store. Many objects which would have been sold have been collected and they will be shown complete with price tags of the period in a setting which will recreate the atmosphere of the time.

The Caroga Historical Museum has been selected to participate in a project sponsored by the America the Beautiful Fund. The project involves creating new exhibits in the area of the museum's specialty, here tanning, and preparing an exhibit which will travel to the State Museum in Albany in September. The tannery exhibit which will go to Albany will include the museum's photographs and sketches of the interior of the tannery drawn by Richard Loomis of Canada Lake.

Canada Lakers will also find the museum gallery shows have special interest. The Photograph Show which is jointly sponsored by the museum and the Fulton County Chamber of Commerce will open when the museum does, on June 27. Ann Delorier of Canada Lake will hang the photographs and supervise the exhibition.

Last year's popular quilt show, for which so many lake people loaned quilts, will be repeated with many new quilts. A special show of coverlets and handwork will follow the quilt show.

Best of all, the Art Show will feature Canada Lake artist, Charles Sarka. Walt Short of West Lake is in charge of that show. A half dozen Sarka paintings from local collections will be joined with four Sarkas on loan from the Adirondack Museum at Blue Mountain Lake. Sarka's niece, Catherine Jacobs of New York City, has arranged for over a dozen pictures to come from galleries and collections in the city. She will also be visiting the lake in late August and talking at the museum on August 28 as part of the Historic Lecture Series.

Other dates to remember in that lecture series are July 10 when there will be a program on Historical Characters and July 24 when there will be a program on Tanneries.

August 14 is the date of the fourth lecture which will be given by Dr. Francis Rosevear of Cincinnati. He has spent several

years researching old surveys. He has discovered that our famous "Wandering Point", the Northeast corner of the Jerseyfield Patent, had no fewer than 6 designated sites. He has prepared an exhibit for the museum showing the peculiarities of the surveys dating from the 1768 survey until the point was finally located in 1916. Richard Loomis has made a series of very handsome drawings to illustrate that sequence for an exhibit that tells where the different points were located. Dr. Rosevear's lecture will tell how and why there were so many different points. He will also lead a trip to the vicinity of Stoner Lake to visit the cairns and survey marks he has discovered. Check the museum for the time and meeting place for that walk.

The museum needs volunteers to help prepare exhibits, to arrange the special shows, and to serve as museum guides. If you are interested in helping, stop in at the museum. Pick up one of the museum's brochures so you will be sure of the dates of all the lectures and special shows. You won't want to miss them.

1980- Caroga Historical Museum
OF THE SOUTHERN ADIRONACKS

OPEN JUNE 27 thru SEPT. - 11 AM to 5 PM daily

New Exhibits

- ◆ "HEMLOCK, HIDES, and HISTORY"
The Story of 19th Century Adirondack Tanneries
- ◆ "CORSETS TO CROWBARS"
The Wilderness Company Store

Special Events

- ◆ PHOTO SHOW - June 26 - July 10
- ◆ QUILT SHOW - July 11 - Aug. 3
- ◆ NEEDLEWORK & HANDWORK SHOW - Aug 4-17

- ◆ Aug. 28 - "CHARLES SARKA, ADIRONACK PAINTER"

Ice boating on Canada Lake - 1980
(courtesy the Fieldings)

CANADA LAKE STORE NEWS

The winter of 1979-80 is only a memory now. What an unusual one for Canada Lake! Due to a lack of snow we had very few opportunities to cross country ski and snowmobile. However, in January the conditions were just perfect for all ice sports. The ice on the lake was as smooth as glass and the wind blew, making the combination ideal for ice boating. Bill couldn't resist. He had access to an old ice boat and used a Sunfish sailing rig. It certainly was a sight to see!

All of this ice melted earlier than usual so we're hoping an early spring means a long, hot summer.

Bill finished his new building last fall for his marine sales and service. He will be involved with everything from refinishing boats to motor repair as well as selling new and used Mercury motors, canoes, Aleort sailboats, aluminum fishing boats and in-board-outboard boats. In addition, he has a dealership in Gould water pumps and will be selling and installing them.

In the store we are improving our displays of merchandise with new shelving and also trying to increase the line of groceries we carry to give our customers more variety. Barbara McMartin's latest book, **Discover the Adirondacks** and the revised edition of her local walk book (**Walks and Waterways**), is now available in our gift shop.

An exciting upcoming summer event will be a Super Sunfish sailing regatta. It will be co-sponsored by the Canada Lake Sailing Club and the store and will be held on

Canada Lake July 26th. Anyone who desires to participate or help out in any way, please contact us at the store.

In order to serve you, we are fortunate to have Sue Decker, Isabel Ireland, Jackie Kelly and John Widdemer working for us in the store this summer.

June 14th is the opening date for the post office this summer. Each year we welcome all who regularly use the postal services provided and look forward to accommodating new patrons too.

Bret Timothy Fielding, born April 2, 1980, joins the rest of our family in welcoming you back to the lakes and wishing you all a warm, happy, summer.

Bill and Dorothy

HIKING in the CANADA LAKE AREA

Barbara McMartin

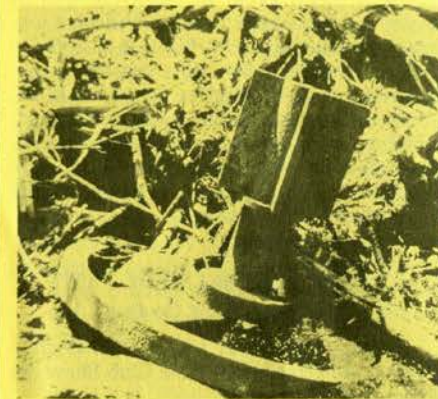

Walks and Waterways, the first guide book I wrote, has been out of print for almost two years. It is now available again in a revised edition called **Discover the Adirondacks 2, Walks, Waterways, and Winter Treks in the Southern Adirondacks**. This book, published by New Hampshire Publishing Company, contains many new hiking destinations and photographs.

Remains of Surge Tower near Sprite Creek

Three of my favorites that you might enjoy are illustrated by pictures for which there was no room in the new book. One of the easiest walks described is to the site of the old surge tower near Sprite Creek. Many

people still remember the long wooden flume that carried water from Stewarts Dam at the outlet of Canada Lake to the power station. You can still find the remains of the huge cement surge tower. Section 40 of the new edition tells you how to get there and to near by picnic sites along Sprite Creek.

Clock Mill Pond Wheel

That mysterious wheel at Clockmill Pond is still there and as puzzling as ever. I have contacted historians all over the state to try and discover what sort of a mill there might have been at the outlet of Clockmill Pond. No one seems to know. However, there is a short and easy path leading from the Powley Piseco Road to the pond and you will find directions on how to discover the mysterious wheel in section 14.

Balancing Rock - Sherman Mountain

The Adirondacks is famous for glacial erratics and huge balancing boulders. One of

the most unusual and perhaps the largest is on the shoulder of Sherman Mountain. Section 62 tells you how to make the difficult bushwhack to the boulder strewn valley which contains one rock as big as a bus, perched on top a smaller spire.

You can walk to the boulder in summer, but it is much easier to reach the spot in winter on showshoes. The new edition contains many winter treks, both on showshoes or on cross country skis. Our area has numerous trails waiting for the winter hiker. Some of them are snow mobile trails which make great wilderness ski touring routes. Whether you are hiking in winter or in summer, I hope you enjoy some of the new adventures I have described.

CANADA LAKE SKI SHOW — 1979 "The Show Must Go On"

Despite rain, wind and inclement conditions, the Canada Lake Ski Club Show did a beautiful job.

Under the able direction of Kathy Kirsch and Jana Smith some old tricks and some new tricks were performed excellently.

After the show a party was held at the Caroga Lake Fire House. The food was contributed by parents. Many thanks to Bill Fielding and Ronny Gay for supervision. Thanks to Audrey Smith, Sue Kirsch and helpers too numerous to mention for cleanup.

A good day was had by all.

TOWN OF CAROGA CHURCHES

Caroga Chapel	
Starting July 6 thru Labor Day —	
Sing-along at	10:45 A.M.
Services	11:00 A.M.

BOAT PARADE

Three prizes will be awarded for the best decorated boats for the Annual Boat Parade in August.

ECHOES

Note from Hildegard F. Schine:

After a lovely season in Florida, with lots of music and art at the Poinciana Beach Club in Florida, I am back in New York to attend the graduation at Yale University of my Granddaughter, Susan Crown, who is graduating Sunday, May 25th, with honors. I also have a Grandson who is graduating in June from Stanford University.

My daughter, Rena Crown, is going to Rome to attend a convention and believe it or not they got a beautiful letter from the Pope granting her an audience. She already has an order for Rosary Beads to be blessed by the Pope. A few years ago they were at a convention, my daughter was the first person to set foot in the Palace. My son-in-law is on the Board of Directors of Northwestern University. Quite a few well known people went along with them from the Board of Directors including Newton Minnow, who was sent on a lecture.

Note from Rosalind Clark:

Daughter Kathleen has been appointed Special Assistant to John A. Gentry, Assistant Secretary of Labor, in Washington D.C.

Mabel Kane writes that daughter Barbara is now Production Editor at Little Brown & Co., Boston, Mass.

Son Michael has been promoted to Vice President of the 1st National Bank of Boston. He has just opened a branch bank in Taipi. They expect to be at the lake in the fall.

Mabel Kane just returned from a 2 week visit to Great Britain, accompanied by 25 of her students. A great time was had by all.

From Henry Steuber:

Louise and Henry Steuber spent two weeks in Hawaii in February visiting Louise's brother and his wife, with whom they toured the islands of Maui and Kawaii for several days.

Daughter Betsy, who lost her husband 6 years ago, was married June of last year to Thomas Gaidry. They live in Bethel Park, Pa. Her son, Christopher, has been accepted at Penn State.

Note from George H. Rohrs:

When we open the House on May 24th, it will mark the 61st season for the Rohrs-Healey family at the lake.

Heard the sad news of the death of Nate Hawley while in Albany. Remember the Hyde & Hawley dance hall?

Wilbur family news notes:

The summer of 1980 promises to be an eventful period for Bob and Eleanor Wilbur, Dolgeville Point.

To begin with, Major Larry Wilbur and his wife Pam, together with their two boys and newly arrived baby girl, will move to New York. Larry is to be stationed at Governors Island and will assist in training helicopter pilots for the Coast Guard. Being that close by, it is doubtless that they will be visitors at Canada Lake far more frequently than in years past when he was stationed in San Antonio and Cheyenne.

In July Robert and Barbara Wilbur with their two sons and daughter will arrive for two weeks, and at the same time Bill and Ann and their twins will drop in from Panama to spend most of the month of July. Robert is pastor of St. Andrew's Presbyterian Church in Columbus, Miss., and Bill is Pastor of the Gamboa Union Church in Panama.

It will be the first time in many years that the boys and their family have been together, and it promises to be a very happy occasion for all.

Incidentally, parents Bob and Eleanor Wilbur are celebrating their 43rd wedding anniversary. Following his retirement from teaching they have been wintering at Dunedin Beach Campground, Fla., and spending most of their summers at Canada Lake.

Note from Mrs. Robert Dennie, "Gramp's" camp, Kasson Drive:

Miss Cincera R. Hill, daughter of Mr. & Mrs. George W. Hill of Montour Falls, was united in marriage to Robert A. Fischer, son of Mr. & Mrs. Thomas Fischer of 137 Fifth Ave., Gloversville, Nov. 3, 1979, at Montour Falls United Methodist Church. The couple are in their new home at 755 Glide St., Rochester, N.Y.

Richard T. Fischer, son of Mr. & Mrs. Fischer, will enter the University of Rochester of Rochester in the fall.

News from Barbara and Charlie Michaels:

The Theisens and the Michaels families of Hutchinson Road, enjoyed another winter reunion at the lake in February. This year's +20° was enjoyable compared to last year's -20°.

Dot Yuenger of Hutchinson Rd. flew east April 22 after a warm winter in Mesa, Arizona.

Dr. Peggy Anne Short, daughter of Mr. & Mrs. Walter E. Short of West Lake, has accepted the position of Assistant Professor of Occupational Therapy in the Graduate Division of Boston University beginning in September 1980. She hopes to spend some time at West Lake again this August.

Note from the Bill Places:

The Bill Places, accompanied by Gerri's mom, "Huffy", plan to arrive on or about 14 July this year. Bill and Gerri are scheduled for a tour to the southern Europe area. The primary goal is to attend the Passion play in Oberammergau, Ger., followed by a tour of Austria, Hungary and Yugoslavia, all in June and early July. The rest of the summer and early fall will be spent in our cottage with Mom Powell. We are looking forward to seeing all our friends and relatives as well as to square dancing in Scotia and Happy Valley.

There is going to be a "golden" celebration at the W. Arnold Petrie cottage on Dolgeville Point this summer.

Arnold will have attended his 50th reunion at his alma mater, St. Lawrence University. He will also be honored as a 50-year Mason with Dolgeville Lodge No. 796. He also will be celebrating his 50 years as founder of the W. Arnold Petrie Insurance and Real Estate Agency in Dolgeville. He is still active in the real estate part of the office.

Arnold has also served for 50 years as secretary/treasurer of the Dolgeville Athletic Association, a group that promoted sports programs at its spacious 70 acres known as Hilltop Park.

A special unique part of the reunion at St. Lawrence will be a triple celebration by the Petrie family. Besides Arnold's 50th, it will be Robert Petrie's 40th. (He also has a camp adjacent to Arnold's on Dolgeville Point.) Also, Arnold's daughter, Jane Petrie Davis of Manchester Center, Vermont, will be celebrating her 15th reunion. All the families involved intend to be in Canton May 30-June 1st for the ceremonies.

Mildred Petrie, wife of Arnold, will also celebrate her 45th reunion with her class at Little Falls High School in late May.

The Petries' younger daughter, Nancy Cohen, is now residing in Columbus, Maryland and she is a graduate of St. Lawrence, Class of 1967.

Robert "Tony" Davis, Jane's husband,

ECHOES (cont'd)

will also have his 20th college reunion at Pennsylvania University in May.

Mrs. Milburn D. Smith writes that she plans to be in her camp on Stony Point this summer. The Milburn Smiths, Jr., will occupy Margaret Widdemer's camp. Milburn is Editor in Chief of Tower Publications in New York.

Milburn D. Smith III graduates in May from the University of Pennsylvania in Philadelphia, and plans to enter the University of Chicago in the fall to begin graduate work. Jonathan is completing his second year at Emerson College in Boston, where he is majoring in communications. He has recently been made Production Manager of the Emerson Independent Video Station at the college.

The two younger children, Eliza and Benjamin, will be at the Lake with their parents and grandmother.

A note from Mrs. Bernard Feldstein: On June 23, 1979, a daughter was born to Mr. & Mrs. Curtis A. Case, who reside on the south shore. Her name is Elsa Catherine. Her maternal grandparents are the late Dr. Bernard Feldstein and Mrs. Feldstein, former Canada Lake Summer residents.

News from Arden Zipp: Arden P. Zipp, II, is spending a year at Brookhaven Laboratory with a sabbatical in Science. Arden is head of Science Dept., Cortland University. Andrea and Charles Shaver are proud parents of Chaf Alden, born May 8, 1979.

Note from Jack & Gretchen Fielding:

The John Fieldings now have eight grandchildren. Son, Chad William, born to daughter and son-in-law, the Timothy Mitchell's, Green Lake on February 10th; and son, Bret Timothy, born to son and daughter-in-law, the Bill Fieldings, Canada Lake Store, on April 2nd. This makes four each.

Note from Dr. & Mrs. Kurt A. Klingbeil: We have moved to 95 Doncaster Rd., Kenmore, N.Y. 14217. We left the Hudson Valley, where I served as Associate Executive Minister for American Baptist Churches in New York State for three years, and have moved to Kenmore where I am Senior Pastor at the Kenmore Baptist Church.

We plan to spend August at the lake and hope for visits from some of our daughters.

From the Irelands — a busy family this winter!

Dick enjoyed a week retreating and vacationing with the Naval Reserves in China Lake, California where Odette joined him for a mid-winter vacation in March. Dick has taken up Scuba Diving and has dived off the Atlantic shoreline in Marblehead, Mass.

Anne is presently a secretary at National Advanced Systems, a growing data processing firm in Newton, Mass., and is living with two roomates in South Natick, Mass.

Following Stuart's Naval Assignment in Whidbey Island, Washington, he traveled cross country and has completed a semester at community college.

Isabelle and Elayne both successfully completed their freshman year at college. Isabelle is studying Interior Design at Endicott College, and Elayne is pursuing Nursing at Vermont College.

Isabelle is looking forward to working at the Canada Lake store again this summer.

Dick Ireland's sister, Mrs. Eleanore Saunders, has moved to Thornton's Nursing Home in Wesboro, Mass., and frequently sees Dick's family.

Dick and Stuart visited the Winter Olympics at Lake Placid.

We are all looking forward to seeing you all this summer!

Note from Gilyan Cannon:

My husband and I and sons will spend the early part of the summer in England and will be back at Canada Lake by late July. My able associate, Sue Kirsch, will continue Youth Activities.

My son Michael and wife Mary will be at our house for a week, and my other son, Chris, will be up for a weekend. They can't stay away!!

IN MEMORIAM

During the past year we learned with deep sorrow the deaths of:

Paul Branson

Nate Hawley

Frank A. Hendricks

Lendol (Skeet) Sliter

Mrs. Dorothy Zipp

Reorganize Canada Lake Cottagers Unit

CANADA LAKE — William H. Dunstan of Schenectady was elected president of the Canada Lakes Protective Association at a meeting of about 50 property owners of Canada and Green Lakes recently, at the Wheelerville school.

Other officers named are George S. Hackney, Johnstown, vice president; Robert S. Lord, Canada Lake, treasurer; Paul L. Benjamin, Schenectady, secretary. Two additional members of the executive committee are Albert Jung of Gloversville and Ernest D. Hendricks of Albany.

Alfred D. Dennison, of Johnstown, who presided, reported that the association has \$660 in the treasury and pointed out that the association can do much for the benefit of the cottages. He suggested that Nick Stoner Island be fixed up so that it may be used.

Mr. Dunstan, the new president, asked for suggestions. Among those made were the following: That there should be some control over speed boats on the lakes especially in regard to excessive speed and the use of cut-outs; that the question of stocking the lakes be taken up with the State Conservation Department.

That the dumping of garbage at picnic sites be controlled; that excessive speed by automobiles be controlled; that the possibility of zoning restrictions on shacks and trailers be studied; that constructive activities for teen-agers be started.

That something be done about dogs running deer; that the use of too bright lights shining onto porches be curbed and the Nick Stoner Island be made attractive with the building of a picnic table and fire-place.

Mr. Dunstan appointed the following committee to recommend changes in the construction and by-laws of association. Hackney, and Dennison, Johnstown, and Allen Fisher, Schenectady.

Members decided on annual dues of \$5 per cottage or unit.

The executive committee was requested to outline a program for the association, with the estimated cost.

An interesting article sent to us relating to Paul Bransom, a long time resident of Canada Lake, who passed away last summer.

Artist's Death Recalls Canada Lake Art Colony

CANADA LAKE — Paul Bransom, who would have been 94 this week, died Thursday in Quakertown, Pa., where he had been visiting. Mr. Bransom, a part-time resident of Canada Lake, was known as the "dean of American animal artists." He had made his home in New York City since 1906.

Mr. Bransom had illustrated a large number of books about animals, including Jack London's "Call of the Wild", and was so esteemed that the director of the Bronx Zoo had provided him with a studio in the lions house there for many years. His work frequently was seen on the covers of the old Saturday Evening Post and many other magazines.

His wife was a former actress, Grace Bond, whom he married at the time she was appearing in a Victor Herbert musical on Broadway.

For a large part of his life Mr. Bransom maintained his Summer residence at Canada Lake, building a home and studio here in the early 1920s
